

Aquatic BioBlitz 2017

At the Warwick Conservation Area

Nature Enthusiasts of all ages welcome...

Join the St. Clair Conservation Authority, experts and volunteers as we explore the aquatic ecosystem at Warwick Conservation Area

What is a BioBlitz?

A BioBlitz is a detailed study of biodiversity in a specific location over a specified period of time. We'll look for fish, mussels, stream critters, and more

Friday, July 14th, 1:00pm—3:00pm

*Rain date scheduled for Friday July 21st *

Space is limited so please register.

Please bring rubber boots or waders if you have them as we will be in the creek and will get wet.

Snacks will be provided.
